to disperse the mob, took upon himself to
disperse the meeting: they were accordingly
ushered by the peace officers & the mayor
through crowds of men who hissed them when
they made their appearance at the head of the
stairs, & cheered when they were fairly out. They
all went to Morris, & the meeting was finished
there. About 5 A & C came home in great

distress. Dr Farnsworth having just told them that Garrison was in the hands of the mob. We suffered most acutely till dark, when Warren came home & said that he had been rescued by a tin-man of the name of Aaron Cooley, who took him in his arms & carried him through the mob into the city hall. From there he was taken with much difficulty to Leverett St Jail. We then began to fear for the property, particularly the anti-slavery rooms & some for Maria's house for the cry had been repeatedly raised among the mob "to West Street; Chapman's, opposite Homers Table". Warren came home at half past 11. seemingly much pleased. Edward Prescott & Daniel Parkman had called the first of the evening to beg them to send Thompson off if he was there she had some talk with them & they went off. Then came Homer of the Commercial, Henry Williams a Mr Davenport & another man, whom they none of them appeared to know. They staid till past 11. Maria gave them their dues all round.
